

**Congress of the United States**  
**Washington, DC 20515**

February 20, 2007

Hon. Dr. Robert M. Gates, Secretary  
U.S. Department of Defense  
Office of the Secretary of Defense  
1300 Defense Pentagon  
Washington, DC 20301-1300

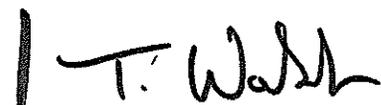

Dear Secretary Gates:

On behalf of the soldiers, sailors, airmen and marines of the State of New York, we write to respectfully request the Department of Defense's commitment to fully fund and implement all New York State Defense Health and military construction projects as included within the original FY2007 Military Quality of Life and Veterans Affairs Subcommittee report and the Senate approved FY2007 Military Construction and Veterans Affairs appropriations bill.

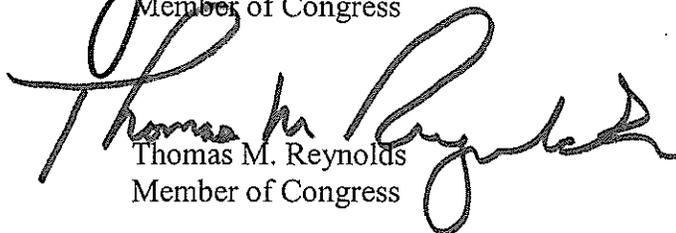

Acknowledging the recent passage of H.J.Res.20 and the absence of Congressional direction regarding Defense Health programs and military construction funding, the Department of Defense now has broad authority for determining FY07 project spending levels. We strongly encourage the Department to look closely and recognize the significant, negative ramifications that any delay or omission of funding would have on the operation of these installations, unit readiness and the quality of life for our servicemembers and their families. These initiatives have the full support of the Garrison Commanders and New York's Adjutant General and we implore you to include them within the Department's spending and operating plan for FY2007, soon to be submitted to House and Senate Committees on Appropriations.

We have enclosed a list of the proposed FY2007 Defense Health and military construction projects for your review and we look forward to working closely with the Department as we meet the changing threats and challenges of the 21st Century and continue to fight the Global War On Terror.

Sincerely,

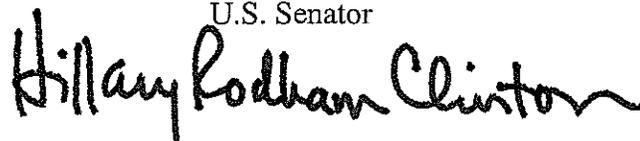

James T. Walsh

MILITARY QUALITY OF LIFE AND VETERANS AFFAIRS,  
AND RELATED AGENCIES APPROPRIATIONS BILL, 2007

MAY 15, 2006.—Committed to the Committee of the Whole House on the State of  
the Union and ordered to be printed

Mr. WALSH, from the Committee on Appropriations,  
submitted the following

R E P O R T

together with

ADDITIONAL VIEWS

[To accompany H.R. 5385]

The Committee on Appropriations submits the following report in  
explanation of the accompanying bill making appropriations for the  
military quality of life functions of the Department of Defense,  
military construction, the Department of Veterans Affairs, and re-  
lated agencies for the fiscal year ending September 30, 2007.

*C-5 Squadron Operations and Support Facility.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Support Facility.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Readiness Center.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Combat Rescue Officers.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Station.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Technology Complex.* Of the funds provided for this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

Of the funds provided for this account, the Committee encourages the use of advanced photolithography and silicon photonics projects. The Committee would also benefit from a review of technology. The Committee should also consider opportunities for military construction projects.

DEFENSE-WIDE

(AS OF FUNDS)

.....	\$1,023,766,000
.....	1,208,198,000
(rescissions) .....	997,377,000
.....	(26,389,000)
.....	(210,821,000)

Appropriation of \$1,107,606,000 for Military Construction, Defense. The Committee recommends Title IV for projects supporting the global war on terrorism. Total above the fiscal year 2006 enacted level is \$21,000 below the budget request. The recommendation is \$21,000 below the fiscal year 2006 enacted level. Within the Energy Conservation Im-

provement Program, an increase of \$5,000,000 above the fiscal year 2006 level and a decrease of \$5,000,000 below the budget request. The Committee recommends rescissions from previous appropriations to the account due to bid savings and projects cancelled as a result of the 2005 base realignment and closure process. The rescissions are as follows:

Public Law/location	Project title	Recommended
PL 108-132 (FY 2004):		
DC: Walter Reed AMC .....	Hospital Energy Plant Addition .....	(9,000,000)
PL 108-324 (FY 2005):		
VA: Fort Belvoir .....	Hospital Replacement, Phase I .....	(43,000,000)
PL 109-114 (FY 2006):		
VA: Fort Belvoir .....	Aller Air Intakes .....	(1,900,000)
VA: Fort Belvoir .....	Hospital Replacement, Phase II .....	(56,329,000)
Subtotal, PL 109-114 .....		(58,229,000)
Total .....		(110,229,000)

*Florida: MacDill AFB—Clinic Replacement.* The Committee recommends incremental funding of this project. The Committee understands that this project was originally programmed by the Department of Defense as an incrementally funded project. After the Office of Management and Budget denied the Department's request for incremental funding (see earlier in this report), the project was reprogrammed as two phases: the Clinic Replacement in fiscal year 2007, with a follow-on Pharmacare addition in fiscal year 2008. Programming the project as two separate phases increases overhead costs, as the two phases will have to be done under separate contracts. Furthermore, since the Pharmacare phase will not be awarded until fiscal year 2008, the overall cost of the complete facility may actually increase due to inflation. The Committee believes that the entire project, including the Pharmacare addition, should be done as a single project under one contract, which will both control costs and ensure that the facility will be completed in a timely manner as an integrated whole.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

Fiscal year 2006 enacted level .....	\$892,219,000
Fiscal year 2007 budget request .....	473,197,000
Committee recommendation in the bill .....	512,873,000
Comparison with:	
Fiscal year 2006 enacted level .....	(379,346,000)
Fiscal year 2007 budget request .....	39,676,000

The Committee recommends an appropriation of \$512,873,000 for Military Construction, Army National Guard, for fiscal year 2007. In addition, the Committee recommends an appropriation of \$5,530,000 in Title IV for projects supporting contingency operations related to the global war on terrorism. Together this is a decrease of \$373,816,000 below the fiscal year 2006 enacted level and an increase of \$45,206,000 above the budget request. When adjusted for supplemental funding, the recommendation is \$484,000 above the fiscal year 2006 enacted level.

*New York—Camp Smith: Combined Support Maintenance Shop.* Of the funds provided for planning and design in this account, the Committee directs that not less than \$1,031,000 be made available for the design of this project.

*Oregon—Salem: Readiness Center Addition/Alteration.* Of the funds provided for planning and design in this account, the Committee directs that not less than \$749,000 be made available for the design of this project.

*North Carolina—Raleigh: Armed Forces Reserve Center (Joint Headquarters).* The Committee has previously noted the importance of this project, which is currently programmed for fiscal year 2010 in the current Future Years Defense Plan (FYDP). The Committee recommends that the Army National Guard accelerate the programming of this project to fiscal year 2008, and directs the Guard to submit a status report on the planning and design for this project by December 1, 2006.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

Fiscal year 2006 enacted level .....	\$324,256,000
Fiscal year 2007 budget request .....	125,788,000
Committee recommendation in the bill .....	207,088,000
Comparison with:	
Fiscal year 2006 enacted level .....	(127,168,000)
Fiscal year 2007 budget request .....	81,300,000

The Committee recommends an appropriation of \$207,088,000 for Military Construction, Air National Guard, for fiscal year 2007. This is a decrease of \$127,168,000 below the fiscal year 2006 enacted level and an increase of \$81,300,000 above the budget request. When adjusted for supplemental funding, the recommendation is \$92,168,000 below the fiscal year 2006 enacted level.

*New York—Gabreski ANGB: Replace Pararescue Complex.* Of the funds provided for planning and design in this account, the Committee directs that not less than \$502,000 be made available for the design of this project.

*South Carolina—McEntire JRB: Wing Operations and Training Complex.* Of the funds provided for planning and design in this account, the Committee directs that not less than \$1,000,000 be made available for the design of this project.

*Tennessee—McGhee-Tyson ANGB: Squadron Operations Facility/Relocate Main Gate.* Of the funds provided for planning and design in this account, the Committee directs that not less than \$1,000,000 be made available for the design of this project.

MILITARY CONSTRUCTION, ARMY RESERVE

Fiscal year 2006 enacted level .....	\$151,043,000
Fiscal year 2007 budget request .....	166,487,000
Committee recommendation in the bill .....	167,774,000
Comparison with:	
Fiscal year 2006 enacted level .....	16,731,000
Fiscal year 2007 budget request .....	1,287,000

The Committee recommends an appropriation of \$167,774,000 for Military Construction, Army Reserve, for fiscal year 2007. In addition, the Committee recommends an appropriation of \$1,713,000 in Title IV for projects supporting contingency operations related to the global war on terrorism. Together this is an increase of \$18,444,000 above the fiscal year 2006 enacted level and an increase of \$3,000,000 above the budget request.

fee increases for beneficiaries and an extreme funding deficit if fee increases are not enacted.

The budget request assumes a number of legislative changes that have not been adopted by the Congress. The proposal to increase co-pays and enrollment fees to combat the rise in health care costs is a legislative proposal that is being considered by the Authorization Committees of the House and Senate. Additionally, the proposal to provide federal contract prices for drugs at TRICARE retail outlets has not yet been transmitted to Congress for consideration. The Committee cannot responsibly address the funding implications of these proposals until these legislative issues are resolved. The Committee will continue to monitor the progress of these proposals throughout the appropriations process.

*Military Health System Office of Transformation.*—The Committee supports the establishment of the Office of Transformation for the Military Health System, but feels that this office should be working closely in conjunction with the Department of Veterans Affairs on issues that affect service men and women, specifically, seamless transition and co-location of facilities. The Committee directs the Department to report on the extent to which the Department of Veterans Affairs is integrated into the Office of Transformation by December 15, 2006.

*Unified Medical Command.*—The Committee understands that there has been some interest in creating a unified medical command structure to direct the management of health care services in the Department of Defense. The Committee directs the Department of Defense to report on the feasibility of this option and the potential costs savings associated with this command structure by December 15, 2006.

*Madigan Army Medical Trauma Center.*—The Committee is aware of the critical needs at Madigan Army Medical Trauma Center and expects the Department of Defense to continue to support the needs of this facility at or above the fiscal year 2006 funding level.

*Avian Influenza.*—The Committee is concerned about increased cases of avian influenza around the globe and the potential for pandemic influenza outbreak. Troops typically share close living quarters and work in situations where the spread of a virus could potentially impact overall troop readiness. The Committee understands that the Department is currently conducting basic research on avian influenza, but is unclear on what steps are being taken to protect active troop levels if there is an outbreak. The Committee directs the Department of Defense to report on its plans to protect troop readiness during an avian influenza outbreak scenario by December 15, 2006.

*Fort Drum Regional Health Planning Organization.*—The Committee fully supports the Fort Drum Regional Health Planning Organization pilot project, authorized in last year's Defense Authorization bill. The Committee believes that innovative options for addressing health care needs in military communities need to be investigated, particularly as military transformation and the base realignment and closure process move forward. The Committee directs the Department of Defense to provide \$400,000 for this pilot project and report on its progress by December 15, 2006.
